Business Analytics Test Document

This page contains ordinary text only. It is included to test that the visual detector does not classify every page as a visual.

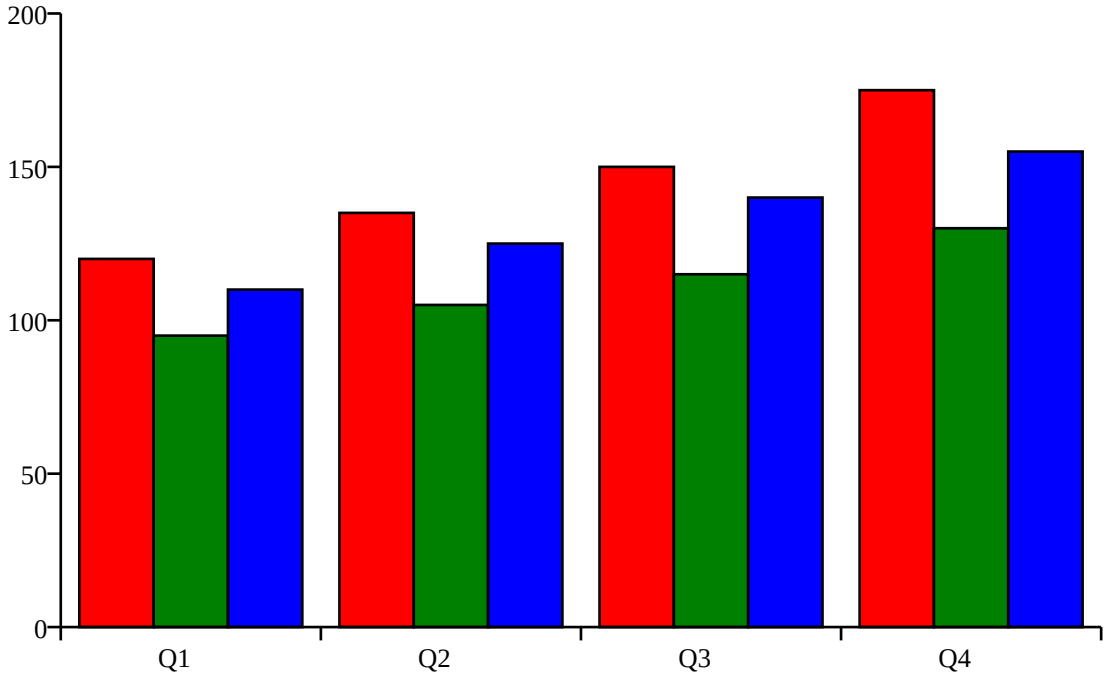
The document contains sales, customer, and regional performance information. The following pages intentionally contain tables and charts for extraction testing.

Quarterly Sales Table

Quarter	North	South	West	Total
Q1	120	95	110	325
Q2	135	105	125	365
Q3	150	115	140	405
Q4	175	130	155	460

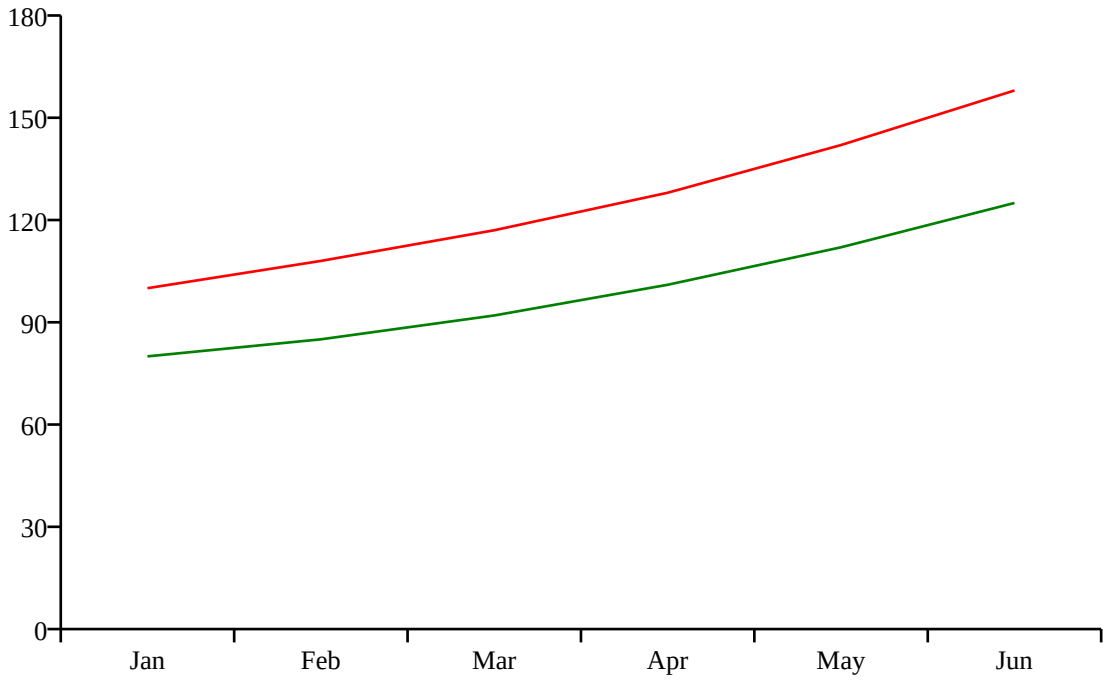
Values are shown in thousands of units.

Regional Sales Bar Chart



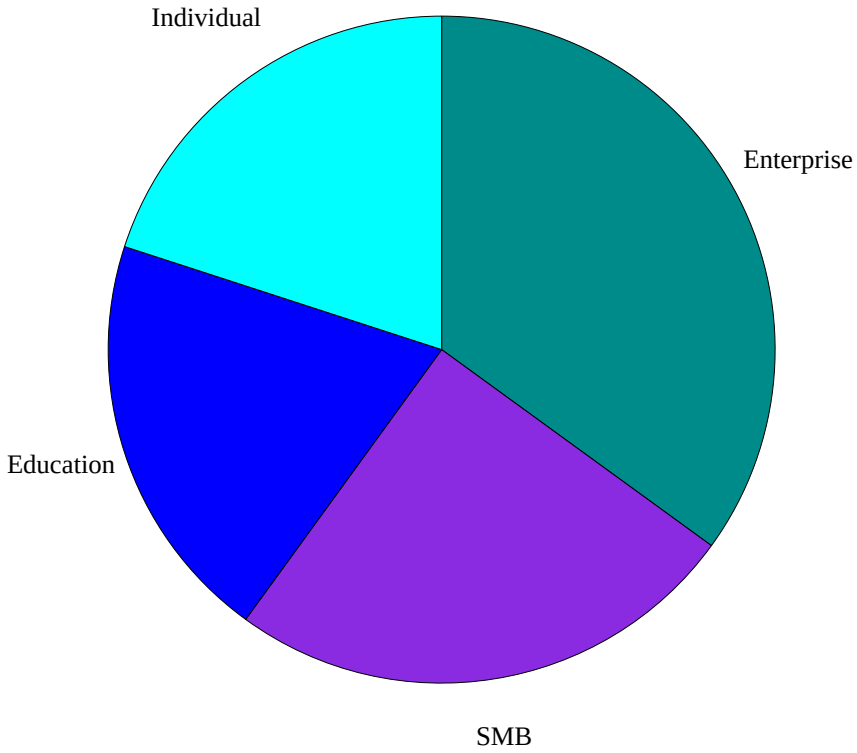
The chart compares North, South, and West sales across four quarters.

Monthly Customer Growth Line Chart



The chart shows customer growth for two product groups from January to June.

Customer Distribution Pie Chart



The chart represents the distribution of customers across four segments.

Employee Performance Table

The table below contains performance information for five employees.

Employee	Projects	Accuracy	Rating
